

VIDEOFIED® OUTDOOR SECURITY SYSTEM, 100% WIREFREE!

**VIDEOFIED,
WIREFREE and IDEAL FOR
OUTDOOR
AND VACANT SITES**

Wirefree

Videofied systems have revolutionized the security market over the last ten years. Our new product generation also brings you colour video verification.

Upon an intrusion, the MotionViewer cameras take a ten second video. The video is immediately transmitted to your Alarm Receiving Centre (ARC).

In the case of a genuine intrusion an urgent response can be instigated.

VIDEOFIED ADVANTAGES

- ✓ **The EXT range** with video verification allow security professionals to initiate a priority response.
- ✓ **Outdoor sites**
The EXT range is especially designed to secure outdoor environments (yards, construction sites, GSM towers...)
- ✓ **Vacant sites**
Especially designed to secure companies and small businesses, EXT Range are complete security systems which integrate audio and video verification.

WIRELESS VIDEO SECURITY

- **The most advanced security system with video verification**
- **Bi-directional radio range in 868 MHz European operating frequency**
- **GSM/GPRS alarm transmission**
- **4-years battery life (no mains power requirement)**

OUTDOOR PRODUCTS FOR A COST EFFECTIVE AND HASSLE FREE PROTECTION!

No power required, 100% wirefree!

Since construction sites, vacant buildings, substations and most outdoor sites are uncontrolled environments, video verification is especially important to eliminate costly false alarms. Videofied's portability means it can be moved around as the project evolves – before potentially being installed months later at a brand new site!

EXT RANGE

XTO PANEL	
Operating temperature	-30° / +60°C
Hardware inputs	3
Hardware outputs	2
GPRS Communication	✓
Booster antennas GPRS & Radio	Included
Number of devices	25
Power supply	Power supply 2 options : - Connected with 9VDC to 12 VDC, with 4 alkaline batteries back-up - 4 lithium batteries

EXAMPLES OF APPLICATIONS:

- Construction sites
- Vacant buildings / properties
- Vehicle compounds
- Fenced compounds
- Substations
- Cell Towers
- Guard Enhancement
- Remote Facilities, Mines, Gravel Pits
- Agriculture
- Solar panels
- Copper Theft
- Petro/Chem
- Church roofs
